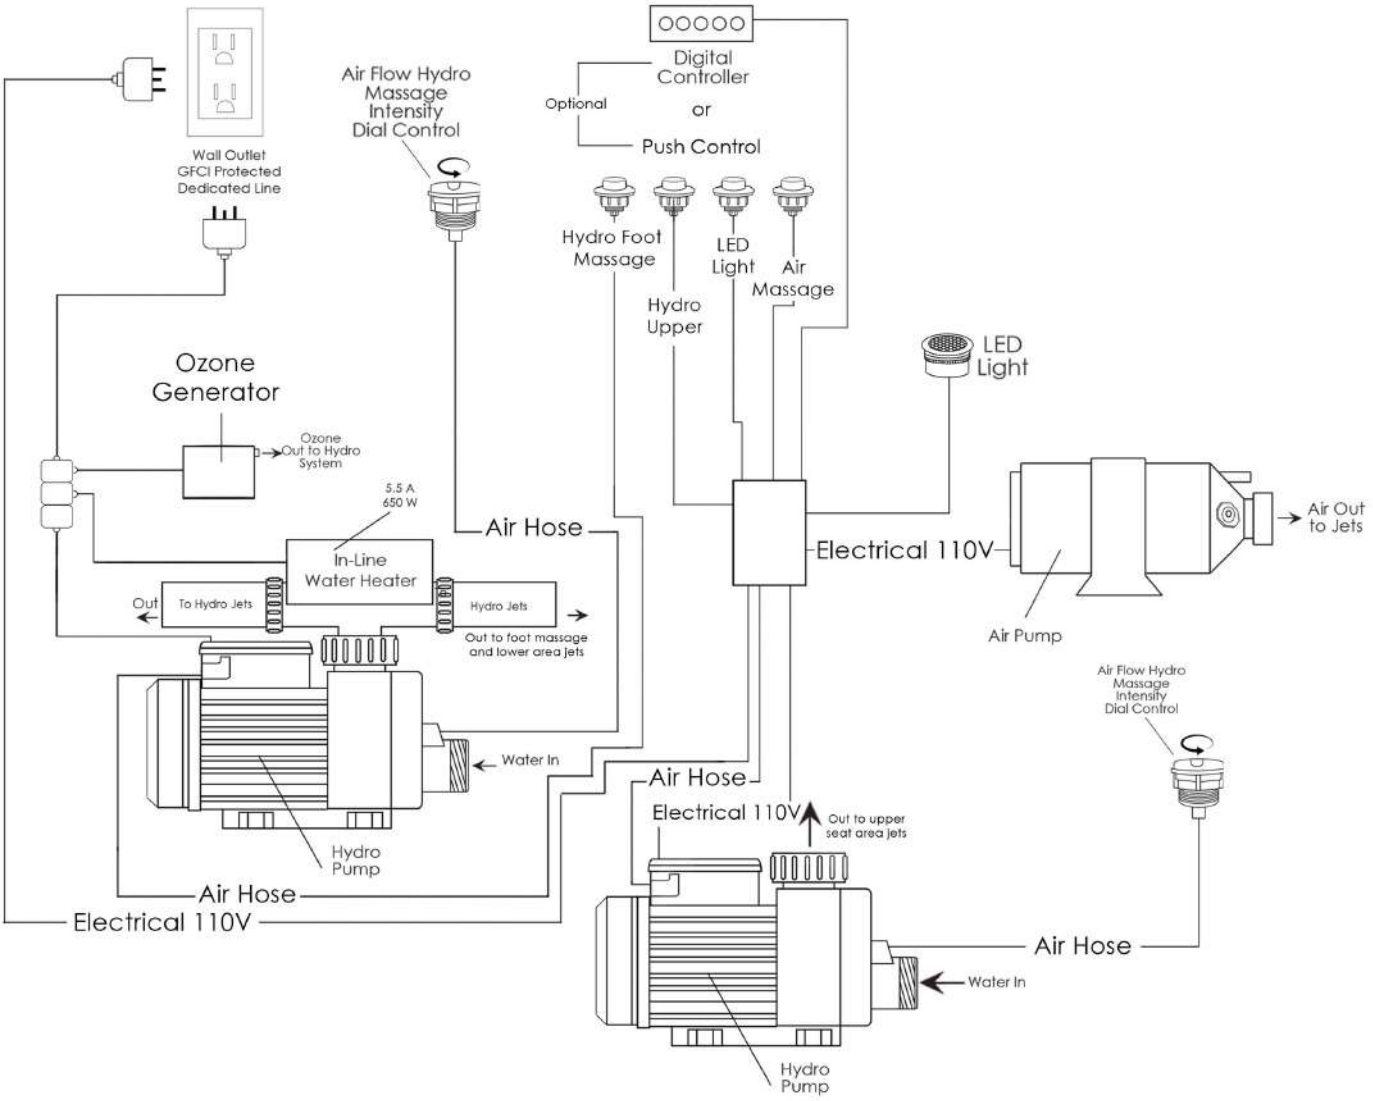
Hydro + Air + Hydro Foot Massage Component Diagram

Hydro Massage + Air Massage + Hydro Foot & Calf Massage



1.Hydro Foot Massage System

- Hydro Pump
- Hydro Massage Air Flow Intensity Control
- In-Line Water Heater
- Ozone Sterilization

2.Air Massage System

- Air Pump
- Variable speed pump with autopurge

3.Hydro Massage System

- Refer to technical drawing for jet count
- Hydro Massage Air Flow Intensity Control

Electrical Requirements

Two (2) dedicated electrical lines with GFCI standard three prong outlets are required

***Disclaimer**

Please view specifications for electrical component Amperage (A), Voltage (V) and Wattage (W)
